Deluxe Corporation Acquires WAUSAU Financial Systems

Deluxe Corporation, a growth engine for small business and financial institutions, has announced the \$90 million cash acquisition of WAUSAU Financial Systems, a market-share leader in receivables management for commercial banks and major corporations. The acquisition of WAUSAU will enhance Deluxe's competitive position as a FinTech provider, enabling an attractive range of growth opportunities on the commercial side of the Financial Institutions market segment. Historically, Deluxe's Financial Services segment has grown through the development and acquisition of a range of retail-market FinTech solutions, including marketing services, risk and performance management, digital channels and loyalty.

WAUSAU is based in Mosinee, Wisconsin and is recognized for consistently delivering best-of-breed financial technology, services and solutions that integrate receivables, accelerate deposits and payments, and eliminate paper. WAUSAU delivers these tailored solutions in a flexible format, either in-house, outsourced, co-sourced or in the cloud. WAUSAU was a Frontenac Company portfolio company.
